THERE IS NO CHANGE IN TELEPHONE TIE-UP— ALLIED TRADES JOIN STRIKE

(By Associated Press)
Boston, April 16.—Interruption of the telephone service in New England outside Connecticut, by the strike of the operators, continued today, although company officials looked for improvement as a result of the effort to obtain substitute operators. Managers in several cities announced some fewer operators had taken up work.

DISPOSE OF YORK HARBOR Y. D. HUT

Camp Doyens, Mass., April 16.—A letter was received Tuesday from A. G. Bookwalter, regional director of Y. M. C. A. work at Lemans, telling what disposition had been made of the Y. D. hut erected from a fund raised by citizens of York Harbor, Me., and sent to France with Miss Grace Thompson of that place. With the money a building was erected by the 101st engineers under the direction of Col. William H. Dolan of Fitchburg, divisional ordnance officer, in 33 hours.

Because of the fund reaching the Yankee division just before its departure for home, it was decided to leave the building in charge of the Y. M. C. A. for use by all American soldiers returning to America. Its use is under the immediate supervision of General George Read. It is known as the Y. D. and stands as a memorial to the people of York Harbor and the soldiers of the Yankee Division.

Union leaders asserted that all union operators were standing firm. Cable Splicers' Union, numbering several hundred, notified the company they would strike today unless the wage schedule presented months ago was acted upon. Inside men, including electrical workers, voted last night to strike at noon. Operators in outlying districts were notified to call for their pay today.

The hut was dedicated on the night before the division departed from the Lemans rest area for Brest. It is decorated magnificently, fitted out complete with electric lights and other equipment and in the letter to General Hale, Mr. Bookwalter says the hut will be put to use 24 hours a day, being kept open day and night.

PEACE SOON, REPORT FROM PRESIDENT

(By Associated Press)
Washington, April 16.—Distinct improvement in the general peace conference situation as reported to the White House from Paris, indicated that excellent progress was being made toward concluding negotiations.

Sylvia Pankhurst Ejected From House of Commons---Call Members of Parliament Murderers---Two Companions Claim New War is Being Planned

LLOYD GEORGE PLEADS TO BE LET ALONE

(By Associated Press)
London, April 16.—Replying in the House of Commons today to the criticism of his activities at the peace conference, Premier Lloyd George said the situation was "still full of perils for all countries." He pleaded that "those who were trying to do their best be let alone."

"No conference in history," said the Premier, "has faced problems of such variety, complexity, magnitude and gravity. The congress of Vienna took eleven months, but that congress was insignificant compared with what had been settled by this conference."

FAMOUS WRITER IS DEAD

(By Associated Press)
Paris, April 16.—Rev. Dr. John Neville Figgis, theologian and writer, is dead.

(By Associated Press)
London, April 16.—Sylvia Pankhurst, one of the three women ejected from the Gallery of the House of Commons

last night, one exclaimed, "We want the Soviet." Others called members of the House "murderers," shrieking last night, and people being led to another war.

MEANS GENERAL OVERHAULING ON THE PITTSBURG

Navy Department Will Not
Fit Ship for Troop
Carrying.

The Navy Department has made a change in the plans of work on the U. S. S. Pittsburg, flagship of the Pacific fleet, which arrived at the Navy Yard this morning.

The previous orders directed the local yard to fit the ship for transportation of troops.

Today the Industrial Department was instructed by Acting Secretary of the Navy Roosevelt to disregard the former orders and go ahead with a general overhauling of the cruiser which would fit her for a year's service in foreign waters.

COMPLETE ANARCHY REIGNS IN MUNICH

(By Associated Press)

Federal authorities on charges of spreading Bolshevik propaganda. Those arrested included John Joeza, who is said to be president of the union of Russian workers.

SAVED PEACE OF WORLD SAYS GEORGE

(By Associated Press)
London, April 16.—Questions had cropped up at the peace conference which imperiled the peace of Europe, Premier Lloyd George told the House of Commons today, but he believed that the conference had surmounted those difficulties. The time spent by the League of Nations in framing the League of Nations, he declared, as the League would provide means of adjustment of possible "crises." It is not true that United States and Europe have been at variance," he said. He deprecated attempts to sow dissension among the delegates to the peace conference. "I would rather leave Russia Bolshevik until they see their way out, rather than see Great Britain bankrupt," was one of his declarations.

LABOR UNITES IN DEMANDING 8 HOUR DAY

Paris, April 16.—If decision of important unions in France is followed, May 1 will be observed by a general abstention from work. Delegates of railroad workers, miners, dockworkers, metal workers, sailors and general transportation workers decided to unite to obtain an eight hour day and increased wages.

SPECIAL PASSION WEEK SERVICES

WILL RUN TWO TRAINS.

Beginning on Sunday next the Boston and Maine will run the night Pullman train No. 71 from Boston, in two sections on Sunday nights. The first section will run to Portsmouth only and will run ahead of the regular train to this city. This was made necessary by the heavy travel between Boston and this city.

ABLE SERVICES APPRECIATED.

James L. Parker was installed secretary of Washington Chapter last evening for the 33d time. This is certainly a record for service as secretary that few if any others can equal.

BROOKLINE MAN SHOT BY BURGLAR

(By Associated Press)
Brookline, Mass., April 16.—John P. Sullivan was shot and seriously wounded in a struggle with a negro burglar in his home early today. The intruder fired five shots, three taking effect. Sullivan wrested the revolver from the man and emptied the last chamber at him. Blood indicated that the burglar had been wounded. Sullivan was taken to the hospital after a delay due to the telephone suspension.

ALL COUNTRIES MAY SUBMIT TERMS

ORGANIZED LABOR TO SUPPORT STRIKERS

Telephone Operators Assured of Moral and Financial Support--Local Ex- change Gives Some Local Service

Organized Labor in this city at a meeting of the Telephone Operators Union on Tuesday evening, assured the operators that they would give them their moral and financial support in the strike and told them to hold out until they had been assured of a settlement of their claims.

The operators met at the Carpenter's Union hall on Daniel street with all of the operators, with the exception of one who does not belong to the union at present. They received telegraphic instructions from the Boston Operators Union, to keep up the strike and that the Boston Union would send Miss Sullivan here tomorrow, who will assume charge of the local strike, with the officers of the local union.

At the meeting the President of the Central Labor Union, and a representative of about all of the Unions in this section were present and each in turn pledged the operators their support and offered suggestions as to their conducting the strike. The Electricians Union connected with the Telephone company are not out on this strike, so that all of the telephone men and women are at work, but they do not do any operating. They are expecting to be called out if the strike continues at any length.

At the close of the meeting on Tuesday evening the Operators thru their officers would not make any detailed statement, other than they were going to remain out until the strike was declared a failure.

Why You Should Buy Coal Now

The price of coal is 75 per cent determined by wages. The wage agreement at the mines continues until April 1, 1920. The Fuel Administration reports that 35 per cent of the mines cannot make any money at the present mine prices. In view of this, how can coal be cheaper this year?

TURN HAIR DARK WITH SAGE TEA

If Mixed with Sulphur It
Darkens so Naturally
Nobody can Tell.

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's recipe, and folks are again using it to keep their hair a good even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product, improved by the addition of other ingredients, called "Wyoth's Sage and Sulphur Compound." It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delight the ladies with Wyoth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also produces that softness and appearance of abundance which is so attractive.

Every time the public had been inconvenienced, they felt that they had exhausted every other method to get the treatment in the matter of wages from the company.

The situation at the end of the first day's strike was unchanged. The company were seriously crippled, but giving some service, but absolutely no one distant call especially to Boston. Through the day one operator who did not join the union worked and Manager Drew was at the switchboard and one former operator. During the evening Manager Drew was at the board and later in the night another man was doing the best he could. The Operators Union had pickets on duty in front of the Exchange during the entire day the girls looking in here or more of picketing duty. There was no disturbance of any kind and everybody appeared to be perfectly good natured. The demands of the company as the day went on gradually diminished as people began to realize that there was a strike on, and as a result there was some service maintained.

There was nothing last night that could indicate that there was any settlement in view, and it looks as though it would continue for some time. Governor Bartlett called with other governors of New England cable to President Wilson asking the strike be settled.

The suspension of the telephone service, had its effect in all business about the city, the grocery stores were the hardest hit, but they sent their delivery teams around to the people who have been in the habit of ordering by phone and in this way overcome their troubles.

The police station was given an extra service as possible and every effort made to take care of emergency calls out with only few operators it is difficult to know which are emergency calls, when half the lights on the switchboard are flashing at one time. Manager Drew would not make any statement other than he did not know anything about the strike in other places, and had not received any specific instructions from the higher officials.

Big Eaters Get

KIDNEY TROUBLE

Take Salts at first sign of Bladder irritation or Backache.

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizziness, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home; because nobody can make a mistake by having a good kidney flushing any time.

ROOFINGS

There Are Five

Especially suited to the farmer's needs—that is what can be truthfully said of S-P-C Roofings. They are designed particularly to meet the varied requirements of the farm.

Under the one name are sold five different brands of ready-roofing. There is not a building on your farm for which one of these brands will not prove suitable. If you are to roof a barn you will choose one brand—if an inexpensive corn crib, you will take another. This choice is always open to you when you buy from a dealer who carries

S-P-C Roofings

There is no difficulty about price, quality, or finish. You select the quality and finish which best fits your needs at the price you want to pay.

S-P-C Roofings are made by The Standard Paint Company, the pioneer manufacturer of ready-roofing. The experience of over a quarter of a century back of every roll. That is why each of the five S-P-C brands is the best to be had at the price. These brands are Lup, Cronolite, Zylex, Starex, and Slatex (slate surfaced individual or strip shingles, and roll roofing). Each is made in a distinct finish.

Before you select your roofing consult us. We carry a full line of S-P-C Roofings and there is one of them that will exactly fit your needs—at the price you wish to pay.

Send the Boys Home.

Report comes from Camp Devens that the boys are chafing over their being retained there for the Boston parade on the 25th. An officer told a representative of this paper that the men wanted to get home and they attributed their retention as being the work of politicians who wished to get free advertising. Said he: "The men have had all the parades they want for a while and simply want to get home and back to work." That sounds like good common sense. The men of the army have done their duty and they are tired of molly-coddling and political bluster busting. Muster them out and let them return to their homes and friends. The public is becoming sick and tired of the efforts of a few politicians who are hammering the government for this and that and in every way trying to hamper the work of demobilization.

It is reported that an automatic control for airplanes has been invented which will enable countries in time of war to send flying machines over enemy territory dealing out death and destruction without risking the lives of aviators. This ought to be a good thing with which to enforce "world peace."

Germany is said to fear Bolshevism whether she signs the peace treaty or not. It is not a pleasant outlook, but Germany hasn't been accustomed to pleasant outlooks for some time. She had hers in the early part of the war.

A woman in Nashua has been fined for striking a man. But in these days of agitation for the ballot the women must understand that with power goes responsibility.

It is predicted that all American troops except the army of occupation will be home by the end of September. It certainly seems as if they ought to be.

It is now up to the Chamber of Commerce to stand by its new president, and for the people of Portsmouth to stand by the Chamber of Commerce.

It may yet become necessary to fight Bolshevism with something besides American bread and butter.

The proverbial April showers are preparing the way for the proverbial May flowers.

PEOPLE'S OPINIONS

PEOPLES OPINION

Bring the Boys Home.

Editor:—Thanks for your article entitled "Bring the Boys Home." You are quite right. They do not want parades and that sort of thing. They just want to get back into civil life. The Herald has hit a popular chord. Let the boys get away from the camps and "back home." There is too much of this silly stuff about candy and cigarettes and parades.

A PARENT.

Portsmouth Soldiers Want Their Discharge.

Editor:—I wish you would tell the people at home that we do not care to remain in camp here for the privilege of marching ten or thirty miles in Boston. We want our discharge and a pass to get out and go to work. What right has Boston got to keep us here two weeks and order us to parade?

A PORTSMOUTH SOLDIER.

THE HERALD HEARS

HE HEARS... That Worcester, Mass., is planning a Welcome Home Parade on May 1 for its "Boys of '17-'19" who are being released from service.

That it is not the right thing to ask the boys who have fought in the trenches to entertain us with their experiences across.

That they want to get the horrors of warfare off their minds.

That one young returning soldier who arrived at his home in this city a few days ago was asked if he did not feel nervous when in battle and he replied that he was less nervous there than since he arrived in Portsmouth.

That another returned Y. D. hero says he starts on a brisk walk and goes miles to view the beauties of nature and get the horrors of war off his mind.

That the women were, but in full view this morning to stock up their shelves with the telephone strike Concord.

GIANT GERMAN SHIP TO CARRY U. S. SOLDIERS

Washington, April 15.—The giant liner Imperator, one of the 12 German ships allocated to the United States for the return of American troops, is expected to be delivered in England about May 1.

This became known today in connection with the assignment of Capt. John K. Robinson, now at London, to command the ship. The Imperator is in Hamburg and it has been necessary to dredge the Elbe river channel in order to permit her passage to sea.

The Imperator is of about the same size as the Leviathan and after being refitted in this country will be able to carry about 12,000 soldiers. The total troop capacity of the twelve German ships will exceed 50,000 men and the trip between France and America every month. Eight of the liners now have been delivered and several are en route to the United States.

Besides these ships, 27 other craft either are being fitted out as transports or are to be fitted out, and when they are in service the transport fleet will number nearly 150 ships, including a score or more of battleships and cruisers.

NAVY YARD NOTES

Going on Inactive List.

Lieut. Henry E. Muller of the yard dental office, who has been on duty here for nearly a year, will shortly go on the inactive list and resume his practice in Albany, N. Y.

Collier Sails for Hampton Roads.

The naval collier Caesar has finished unloading a cargo of coal at the yard and sailed this morning for Hampton Roads.

Seeking College Teams.

The manager of the ball team of the U. S. S. Southern is seeking a game with either the Exeter Academy or New Hampshire college to be played in this city or at the navy yard.

Couple of Helpers.

Two machinist helpers were required by the Industrial Department today.

Goes to Shore Duty.

Lieut. Buckley of the San Francisco has been detached and ordered to duty in the local yard Military Department.

Pittsburg Arrives.

The armored cruiser Pittsburg, flagship of Rear Admiral Capeton command-in-Chief of the Pacific fleet, arrived at the yard at 8.30 this morning. Admiral Capeton was given the customary salute due his rank and the same was returned by the ship for Rear Admiral Dugan, station commandant.

Army Launch to be Repaired.

The gasoline launch L-11 at the army post, New Castle, will arrive at the yard today for repairs and overhauling to begin on Monday next.

Must Take Furlough.

To avoid any further discharge in the yard drafting force the acting secretary of the navy has ordered that each man shall be furloughed a certain period each week. By this arrangement the ten per cent reduction will be met without any discharge. Two men recently laid off have been called back to work.

"A SLEEPLESS NIGHT"

"A Sleepless Night," a new farce by Jack Larric and Gustav Blum, will be presented at the Wilbur Theatre, Boston, next Monday evening, April 21, by the Messrs. Shubert. The exceptional company includes Peggy Hopkins, Ernest Glendinning, Donald Gallagher, Josephine Drake, William Morris and Carlotta Monterey. The play was written primarily for laughing purposes, and story briefly is as follows:

A young artist and his sculptress wife are masquerading as strangers in order to secure commemorative commissions.

PEPTONA Will Help You

Often times persons who are recovering from sickness have difficulty in recovering their strength.

Peptona, our best tonic, will be found very helpful.

REPUBLICANS WANT MITCHELL ON THE TICKET FOR CONGRESS

HON. HORACE MITCHELL.

The announcement that Congressman L. H. Goodell of Sanford, Me., would not be a candidate for re-election, has resulted in a strong popular demand in York County for the nomination of Hon. Horace Mitchell of Kittery. Mitchell has demonstrated that he can lead really belongs to a York county man when it is considered how long he has lived in the county and how long he has been in the legislature. Mitchell has demonstrated that he can lead really belongs to a York county man when it is considered how long he has lived in the county and how long he has been in the legislature.

No man is better known in the York County than Mitchell who does things

sions from a millionaire. They seem the commissions and establish themselves in Mr. Chandler's home. Then complications begin to develop. Chandler's ward, Rene, and his son, Talbot, respectively, become enamored with Mr. and Mrs. West. For reasons which are as yet unknown, the marital relations between these two disciples of the higher art are not known by the members of the Chandler household. One night, Rene, intent upon becoming involved in a risqué adventure, visits the bed chamber of the artist, West. She is surprised to find him as rosy as can be and extremely desirous for her to get out. The reason is that Mrs. West, who had a legal right to go there, had preceded Rene to the artist's chamber by a few moments, and was hidden beneath the bedclothes, listening to everything that went on. To make the situation even more complicated, Talbot, who is madly in love with the sculptress (Mrs. West), arrives on the scene and confesses his love for her to Mr. West, who has just succeeded in hiding Rene about two feet from his wife. To add to Mr. West's distraction, Mr. Chandler himself enters the artist's room and wants to know what all the trouble is about. Of course, before the third act is over all complications are smoothed and everybody is happy.

TUESDAY FIRST DAY OF PASSOVER

The feast of Passover began yesterday at sundown. It is a seven-day festival observed by the Jews in the spring in commemoration of the exodus from Egypt.

It is the great independence day of the Jew, the first event in his national history, an event which became fundamental in all his thinking, too, as evidenced by frequent reference to the great deliverance.

The festival is ushered in by a family service called the seder, at which

certain symbolic ceremonials are observed. Each participant—and the lowliest is privileged to sit at the table that night—is required to drink four cups of wine, in memory of the four promises made by the Eternal to redeem Israel from bondage.

On the table are the unleavened cakes (Matzos), the shin bone of a lamb, (roasted on the coals), commemorative of the Paschal sacrifice, a roasted egg, a mixture of apples and nuts (Charoseth), to symbolize the mortar with which the Egyptians made bitter the lives of the father and bitter herus (Morar) reminiscent of the unhappy days in Egypt.

In song and story, the tale of the oppression and the deliverance is rehearsed. Psalms of thanksgiving (Hallel) strike the keynote of the happy occasion. The services, interrupted for the family dinner, close with a number of merry folk-songs, expressive of the character of the festival, unleavened bread is eaten instead of the usual leaven. In orthodox homes, great care is taken that all traces of leaven be removed before the beginning of the festival. Sets of dishes, otherwise unused, are provided.

Services will be conducted in the local synagogue and sermons preached in keeping with the thoughts of the festival. Excerpts from, or in some cases, the whole of the book of Song of Songs are read.

OBITUARY

Warren B. Hardy

Died in this city April 15. Warren B. Hardy of Peabody, Mass., aged 76 years.

Mrs. Annie M. Grover.

Mrs. Annie M. Grover, widow of James J. Grover, died this week at 93 High Rock street, Lynn, where she had resided for nearly fifty years. She was born May 19, 1837, at Rye, N. H., the daughter of Simon and Mary (Seavey) Brown. Mrs. Grover's early life was spent in Rye, N. H. She was educated in the public schools there and at Exeter Female Academy. In 1855 the family removed to Lynn, and she attended the State Normal School at Salem, being graduated in the regular and advanced courses. Afterward she taught for two years in the Normal school, and then in the Lynn High school for six years. On Dec. 19, 1868, she was married to James J. Grover, a shoe manufacturer. To them were born five children, all of whom survive. At the death of her husband, in 1883, Mrs. Grover and her step-son, the late Charles S. Grover, continued the shoe manufacturing business as partners, under the firm name of J. J. Grover's Sons; and this relationship continued until the incorporation of the concern in 1918.

James Leroy Goodell.

Died in this city, April 16, James Leroy Goodell, infant son of Mr. and Mrs. Don H. Goodell.

AND FURNISHINGS!

On Thursday afternoon at 2 o'clock sharp we have arranged one of the most elaborate programs for the grand opening of our newly renovated and beautified store. We are going to let the people of Portsmouth and surrounding towns see just what a spring opening means in a city.

We claim that the people of Rockingham County are entitled to just as much show as the people of Boston and New York. As the readers of this newspaper are aware that Everybody's Store for the past six years established their store as a progressive ladies' and men's clothing and furnishing store in the state and on this occasion, with a beautiful store and an unsurpassed stock of the latest and classiest creations in the line of ladies' and men's clothing, the great opening cannot fail to be appreciated.

At the opening from 2 to 9 p. m. there will be music by an orchestra, and live models consisting of six of the most attractive girls of Portsmouth.

We extend a cordial invitation to every lady, miss, man and young man to attend the opening. The event will be one long to be remembered.

WHEN BUYING ASPIRIN
ALWAYS SAY "BAYER"

Ask for "Bayer Tablets of Aspirin" in a Bayer package—marked with "Bayer Cross."

Don't buy Aspirin tablets in a pill box. Insist on getting the Bayer package with the safety "Bayer Cross" on both package and on tablets. No other way!

You must say "Bayer." Never ask for merely Aspirin tablets. The name "Bayer" means you are getting the genuine "Bayer Tablets of Aspirin," proven safe by millions of people. Beware of counterfeits. Only recent by a Brooklyn manufacturer was sent to the penitentiary for flooding the country with talcum powder tablets.

which he claimed to be Aspirin. In the Bayer package are proper directions and the dose for Headache, Toothache, Earache, Neuralgia, Rheumatism, Lumbago, Sciatica, Colds, Grippe, Influenza-Colds, Neuritis and pain generally.

"Bayer Tablets of Aspirin," American made and owned, are sold in vest pocket boxes of 12 tablets, which cost only a few cents, also in bottles of 24 and bottles of 100—also capsules. Aspirin is the trade mark of Bayer Manufacture of Monacopolis, Germany.

Ford
THE UNIVERSAL CAR

When you want your Ford Car repaired, insist always upon getting the genuine Ford parts, made by the Ford Motor Company, in order to insure reliable quality. There are "spurious," "counterfeit," "imitation" parts made by outside concerns who have no regard for quality in material, so insist on your Garage or Repair man furnishing you the genuine Ford Parts. All reliable garages may now buy the genuine Ford Parts from us—so there's no excuse for any one using the "bogus" parts. To be sure, bring your car to us for repairs or replacements.

KILONIS GETS A WIN FROM DRYDEN

John Kilonis defeated Bill Dryden at Freeman's hall on Tuesday evening, in a match that was not up to the usual standard of these two wrestlers. While not taking any credit from Kilonis for his win, it may be said that Dryden was not in as good condition, and he plainly showed it. He had been injured during the day while at work on his farm and this or lack of training showed him up, for he was not the same Dryden that wrestled Mike Yokel or Kelson.

Kilonis was the same old John, not quiet as rough and wild as usual, but an aggressive and clever wrestler, who quickly grasped the fact that Dryden was getting tired.

The first fall went to Dryden after 30 minutes of fast milling, and he secured it with a body and a hold. The second bout was the fastest and the roughest, although not as rough as when these two generally meet. Dryden appeared to be weakening and while he managed to get loose from a body scissors, which Kilonis held him in for several minutes he was not able to get away from a second one with a head lock, and Kilonis got the fall in 31 minutes.

There was considerable unnecessary talk about calling off the bets, but the referee refused to do so and they went.

Dryden lost his match in a few minutes after the third bout started, when he was picked up and dropped by Kilonis, and while he managed to fight off a body scissors and head lock for several minutes, he finally was pinned.

GOVERNORS CABLES TO THE PRESIDENT

Boston, April 15.—Governors Coolidge of Massachusetts, Bartlett of New Hampshire, Miliken of Maine and Beckman of Rhode Island this afternoon sent a cable message to President Wilson, asking him to intervene in the telephone strike in New England and prevent great loss to business. The message said:

New England urges your immediate action to relieve from great loss by telephone strike.

(Signed) Coolidge, Miliken, Bartlett, Beckman, Governors.

Governor Coolidge yesterday realized the seriousness of the situation and telegraphed as follows to the postmaster general:

"Massachusetts is threatened with a strike by telephone operators. This would tie up the operation here and result in most serious damage to all the business interests of the Commonwealth. May I urge that every possible effort be used to avert such a calamity as this would be?"

Today, with the strike actually in

Peptiron is a remarkably effective, agreeable and easily assimilated combination of pepsin, mucin, iron, calcium and other great tonics and digestives. Good for the prevention following the grip and other epidemics, paleness, nervousness, nervous prostration, neuritis, nervous dyspepsia, sleeplessness. One or two Peptiron after meals (see the economy?) do the work.

DANDRUFF GOES! HAIR GETS THICK, WAVY, BEAUTIFUL

Save your hair! Double its beauty in a few moments. Try this!

Hair stops coming out and every particle of dandruff disappears.

Try as you will, after an application of Danderine, you can not find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most, after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is immediate and amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance, an incomparable lustre, softness and luxuriance the beauty and shimmer of true hair.

Get a small bottle of Knowlton's Danderine from any drug store or toilet counter for a few cents and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow long, strong and beautiful.

force, bringing an almost stop of service and causing heavy losses to business in this State and other States. Governor Coolidge decided to wait no longer for Mr. Burleson to answer his telegram. He then wired to the other New England governors, as follows: "Will you join me in cable to President Wilson to intervene in telephone strike?" The message was sent later to the President.

SATURDAY ALMOST A HOLIDAY

The Navy Yard workmen have voted to take April 19, a holiday in Maine, and as all of the ship yards and other industries in this city close at noon Saturday, there will not be much in the way of work on Saturday afternoon. Next week New Hampshire has her holiday Fast Day on Thursday and it is generally observed as a holiday, and the Navy Yard will observe it this year, but it is one of the holidays when the men don't work they are not paid. In national holidays the government pays the men.

TENDER OFF TRACK BLOCKS TRAFFIC

Grand Mix-Up in Railroad Yard on Tuesday Afternoon.

The tender of locomotive 832 hauling a work train caused considerable trouble for the Boston and Maine railroad on Tuesday afternoon when it left the rails at the east entrance of the Nobles Island bridge and tied up traffic east and west for two hours or more. The work train was hauling off a siding on the island when some attachment of the tender truck gave away and blocked the tracks in the

busiest part of the day. Navy yard and shipyard trains were held up and several thousand workmen had to walk to the depot.

The Portsmouth wrecking crew were called and got the tracks cleared about 5 o'clock.

ANOTHER LAUNCHING ON MAY 3.

NO CHANGE IN THE TELEPHONE GIRLS' STRIKE

Situation the Same as on Monday; Three Operators at Switchboard.

Little or no change occurred in the telephone operators' strike in this city today and the service remains the same as on Tuesday. Three operators not affiliated with the union are attempting to handle the city line calls but the toll service is still out of the question. One man not connected with the operating force was on duty during the night for emergency calls and the care of the building. Manager H. H. Drew stated that there was nothing new in the situation at noon today other than the orders from H. G. Wheeler, Division Supt. of Traffic, who authorized the publication of an advertisement calling for women to come to the rescue and fill the places of the striking operators. The operators continue to conduct the strike with full ranks and also the system of picketing. They still insist that there is a local question of wages in this matter. Manager Drew continues to differ on this subject. However the operators are prepared to argue this matter when the case requires it regardless of the repeated schedule under which they have been working.

The girls met at Moose hall on High street this forenoon for an hour's conference. It was expected that Miss Sullivan of the Boston operators' union would be present but she notified them that she was unable to reach here before the afternoon. On her arrival another conference will be held.

Emergency calls had preference over all today and were handled with the expected delay occurring since the strike was established.

WOODWORKERS ENDORSE PHONE GIRLS' STRIKE

The Woodworkers' Helpers' Local 1607 held a very enthusiastic meeting on the 16th at 8 p. m. They most heartily endorsed the strike of the local telephone operators and wished them success in their fight for advancement in wages and recognition of organized labor.
